

Colours collide, melting together on the canvas: an impression of light, a rage of red, a lobster perched on a telephone. Come and find out about the bizarre and eccentric minds of the gallery rebels! Art can be an act of rebellion. Can you change the world with a paintbrush, a thought, or an idea? Dream the dream – or show us your nightmares! What do you see? Watches melting? Wheels spinning? A shark in a box? Can you express yourself without words? Well, a picture paints a thousand of them! Try your hand at a 'Damien Hirst' sculpture, exploring the weird and wonderful to create a curious treasure for the next generation. Take up your arms and fight for the cause. Paintbrushes and sketchbooks at the ready – let's make art! As you can see, this is an art based topic and I will try my utmost to adapt the lesson so they are accessible to those still at home in lockdown.

Maths:

In Maths, we will be looking at decimals and percentages, various parts of geometry, measurement, ratio and proportion, statistics and problem solving.

We will use our knowledge to investigate more complex problems, including word problems, in order to demonstrate a full understanding of each area.

Art, Design and Technology: We will begin the topic with a virtual tour round the National Gallery.

We will create our own sketchbooks to go alongside the topic. Create artwork in the style of the Impressionists, Expressionists and Surrealists.

Also, creating art from other styles including, Damian Hirst and Andy Goldsworthy amongst others.

Science:

Explore the science of colour through a range of colour-based investigations. Writing a scientific account of their observations.

Investigate how light changes the appearance of objects and buildings.

PSHE: Mrs York will be setting regular PSHE activities for the children to do while in lockdown – on a Friday.

Computing: Ms Ella will be setting various activities to complete on a Friday.

We will also, hopefully, create digital portfolios.

PE: Continue to find time to keep active. Our PE teacher, Callum, will continue to create P.E. videos for the children to enjoy.

English

In English, we will be looking at a range of texts, both fictional and factual, and linking this in to our writing with the creation of short narratives, poetry, information texts and explanation texts.

Big Write: We will also be concentrating on using appropriate language to create atmosphere and effect, proof reading and editing. Critically evaluating their own and others' writing, indicating changes to vocabulary, grammar and punctuation to improve clarity and effect

Punctuation: During this half term we will continue with the basics and increase the use higher level punctuation, () ; -

Grammar: We will be looking at the correct forms of tense, adverbials, clauses, contractions and different types of conjunctions.

Reading: Comment, increasingly making inferences or deductions based on evidence from different points in a text and justifying these points using the text.

History / Geography: Learn about great artists, architects and designers in history. Research the location of significant art galleries around the world.

Investigate the city of Paris locating significant landmarks

Music: Mrs Chantrill will be continuing to provide activities and opportunities for the children to do while in lockdown.
