

## Literacy

This half term we will be strongly focusing on developing our independent writing skills. We will ensure that we know the structure of sentences and start to think about how we can make our writing more exciting.

We will first begin by looking at the story 'Mr Gumpy's Outing.'

We will also continue to strengthen our reading fluency and expression

# Big Wide World

This project teaches children about the global community to which they belong and explores how living things, communities and climates differ around the world.

## Expressive Arts and Design

To start our new topic, we will listen to a variety of music from around the world. We will use a range of junk modelling resources, such as cardboard boxes, egg boxes, cardboard tubes, yoghurt pots, tape and glue to plan and create.

## Communication & Language

This half term will continue to increase our use of new descriptive vocabulary and continue to connect our ideas or actions to another using a range of connectives.

## Maths

This half term we focus on numbers to 20, numerical patterns and composing and decomposing shapes.

## Physical Development

In PE with Mr Slaney we will be focusing on mini athletics and multi skills. We will also continue weekly Forest School session.

## Personal Social and Emotional Development

This half term we will focus on 'Healthy Lifestyles'. We will consider how we make healthy choices, looking after our teeth, food and drink and leisure time.

## Understanding the World

Within this topic we will find out about the world in which we live. We will learn about different climates and explore habitats, including their flora and fauna. We will locate the United Kingdom on a world map and compare life in the United Kingdom with life elsewhere. At Forest School we will also learn about caring for our environment, both locally and beyond.
