

Maths

Initially in maths we will be looking at numbers within 10. Sorting quantities to 10, partitioning, using addition.

Counting back from 10, and focusing on the number patterns. We will also be learning how to read and write numbers to 10, focusing on one more and one less, comparing quantities within 10, looking at ordinal numbers and number lines. We will also be using part, part, whole models within 10 focusing on the structure of 10 as a whole and looking at the numbers which added together equal to 10. The children will focus on recalling number bonds and begin to make associations within addition and subtraction. We will use a range of practical manipulatives to explore numbers/quantities within 10.

Will you read me a story?

Year 1

This half term we will be learning all about traditional tales and storytelling. We will delve into different childhood stories and bring them to life across the curriculum!

English

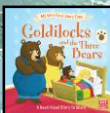

Reading: This term in phonics we will be focusing on revising phase 4 HFW's. We will revise phase 3 digraphs and trigraphs focusing on recognising and blending these taught graphemes within words. As the term progresses we will begin to learn alternative graphemes and representations.

Writing: This half term we will be reading and writing all about different traditional tales - 'Goldilocks and The Three Bears,' 'Little Red Riding Hood,' 'The Three Little Pigs,' 'The Three Billy Goats Gruff,' 'The Gingerbread Man,' 'Jack and the Beanstalk.' We will focus on using talk for writing, retelling through drama and role play. We will focus on using our magic 5, use storytelling language and conjunctions. We will think carefully about our handwriting keeping our letters neat, an even size and on the line.

Grammar: We will be focusing on using capital letters, finger spaces and full stops in the correct places. Can I re-read my writing and does it make sense?

RE

In Christianity we will be learning about the story of creation - who made the world, what do Christians believe? What do I feel? How is the creation story relevant to me? We will be thinking what does it mean to be part of a faith community? What links do we have with Long Whetton Church?

PSHE

In PSHE with Mrs York this half term the children will focus on themselves and their relationships within class. We will focus on how to feel safe, happy and secure in school. What they can do to get to know others in their class, how can I welcome someone new? We will review how we feel in new situations and reflect on what can help us. The children will think deeply about what they are good at and what is special about themselves. They will think carefully about recognising and sharing emotions, thinking about how to manage feelings and how best others can support. How do I stand up for myself, what helps me relax?

Computing

In computing with Miss Ella we will be learning how to use Chromebooks, how to login, use simple programs. We will continue to look at how to be safe using the internet and online programs.

Geography

In geography we will look at our surrounding area and learn basic geological vocabulary to describe our surroundings. We will begin to think about seasonal changes and talk about what we notice.

Music

In music this half term we are going to use a variety of different instruments to explore rhythm and pitch. We will explore composing different pieces of music and making soundscapes in groups. We will explore moving to the beat and joining in with Harvest Songs and traditional dances.

History

We will learn about the history of traditional tales - are there any tales and stories about Long Whetton? In our Jack and the Beanstalk week we will learn about local castles, who lived there and how did they live?

Art/DT

In art we will be making harvest prints, traditional tales collages, and focus on improving our observational drawing skills. We will use cross hatching, shading and different tones of pencil to create different effects.

In DT we will be making finger puppets, bear masks and miniature houses. We will also make gingerbread characters focusing on weighing, measuring and combining ingredients.
