

## Long Whatton C of E Art and Design Curriculum and SEND

*"Every child is an artist," – Pablo Picasso*

In Art and Design at Long Whatton it is not appropriate to adopt a one size fits all approach to SEND provision and adaptations are based on individual needs so that every child can succeed.

- We adapt resources and equipment accordingly making it all accessible so all children can carry out the lesson as a whole class.
- We provide targeted teaching (if needed) ensuring pupils achieve specific goals using specific, small steps so that they can achieve.
- Our art curriculum includes a wide range of artists with different backgrounds, disabilities and needs to help the children to have positive role models.
- Art and design is carefully structured across our two year rolling program with a wide range of subject matter to inspire making it become more identifiable, which helps to develop more abstract ideas.
- The art and design road map has a clear progression across the school so that children can build on previous knowledge and have the opportunity to succeed and develop.
- We provide opportunities to use art and design so that children can represent themselves creatively exploring different concepts with others positively.
